NEW HIGH RECORDS. Canadian Pacific and Sears-Roebuck

Continue on the Ascent. market. The tone was heavy, when not distinctly weak, and pressure was more or less pronounced throughout the session. Volume of business was moderately large, not the least significant fact being the increased activity that marked the declining scale. All the least has been some as Panding the leading shares, such as Reading, Lehigh Valley, Union Pacific and United States Steel, tended lower, with losses of one to two points by midday. On the other hand, there were gains of as much and more in some of the emi-active stocks, including Interna-ional Harvester, while the more obsoure issues, among which may be mentioned America: Malting preferred and Texas Company, displayed fittil periods of improvement, American Can at 36 7-8 went to its lowest price in over a fortnight, but even today's final quotation represented a bandsone il quotation represented a handsor nin over its figure of a month back. Canadian Pacific at 270 attained a ew high record, with a similar achievement for Sears-Roobuck. It is freely predicted that developments of advantage to the shareholders of Canadian Pacific and Sears-Roebuck are pending, but the sentimental value these stocks on the balance of the ist may be set down as inconsiderable

ilst may be set down as inconsiderable. Twin City Rapid Transit, which is supposed to bear some relation to Canadian Pacific, also enjoyed a brief period of activity at higher prices, while Brooklyn Rapid Transit shares and convertible bonds mirrored the change that has come over the local transportation situation.

It was not until the late afternoon that the market suddenly turned from heaviness to acute weakness. Practically every issue on which the list has built its rise of the past two months then declined perceptibly, with the supply far in excess of demand. The decline was materially assisted by the operations of the short interest, which has held to its position with unusual as held to its position with unusual mactry. Reading, Lehigh Valley, nion Pacific, American Can and ulted States Steel all felt the force of Islied States Steel all feit the force of he impact, while most of the early rains in the low priced issues were peedlily wiped out. In the absence of a more valid reason, the street attrib-ted the reversal to possibility of awk-eard complications arising from the avestigations now proceeding against the United States Steel and American Surar companies.

Sugar companies.

The final hour brought some change for the better. The metal shares as a group reflected greater strength than other industrials, their position being fortified by technical conditions, such as the reduction in the European supply, a rise in Rio Tintos in London and better home demand. The closing was full, with a large percentage of subiull, with a large percentage of substantial not losses. Greater ease in short time money

Greater ease in short time money was shown here today, 50-day accommodations being obtainable at 2 per cent, against the recent 3 1-4 rate. Another large telegraphic transfer of currency to San Prancisco was made. Bond prices were generally lower, save for Breoklyn Rapid Transit fours, which held strong, Total sales, par value, \$3,575,000,
